

Sample Employee Handbook

1. Welcome

Welcome to ExampleTech Solutions. This sample handbook provides basic information about workplace policies and employee benefits. It is created only as test data for an Enterprise RAG Knowledge Assistant project.

2. Working Hours

Standard working hours are Monday through Friday from 9:00 AM to 5:00 PM. Employees should coordinate schedule changes with their manager. Flexible schedules may be approved depending on team and business requirements.

3. Vacation Policy

Full-time employees receive 20 days of paid vacation each calendar year. Vacation requests should normally be submitted at least two weeks in advance. Manager approval is required before travel plans are finalized.

4. Remote Work Policy

Employees may work remotely up to two days per week when their role allows it. Teams may establish specific in-office collaboration days. Employees working remotely are expected to maintain normal availability during agreed working hours.

5. Sick Leave

Employees receive 10 paid sick days per calendar year. Employees should notify their manager as early as reasonably possible when they are unable to work because of illness.

6. Information Security

Employees must protect company information and use approved systems for company work. Passwords must not be shared. Suspected phishing attempts, lost devices, or other security incidents should be reported to the security team promptly.

7. Equipment

Company-issued laptops and accessories remain company property. Employees are responsible for taking reasonable care of assigned equipment and reporting damage, loss, or technical problems to the IT support team.

8. Support

Questions about workplace policies should be directed to Human Resources. Technical issues should be submitted to the IT support team through the approved support channel.
